**LIETUVOS VISUOMENĖS SVEIKATOS ASOCIACIJA
LITHUANIAN PUBLIC HEALTH ASSOCIATION**

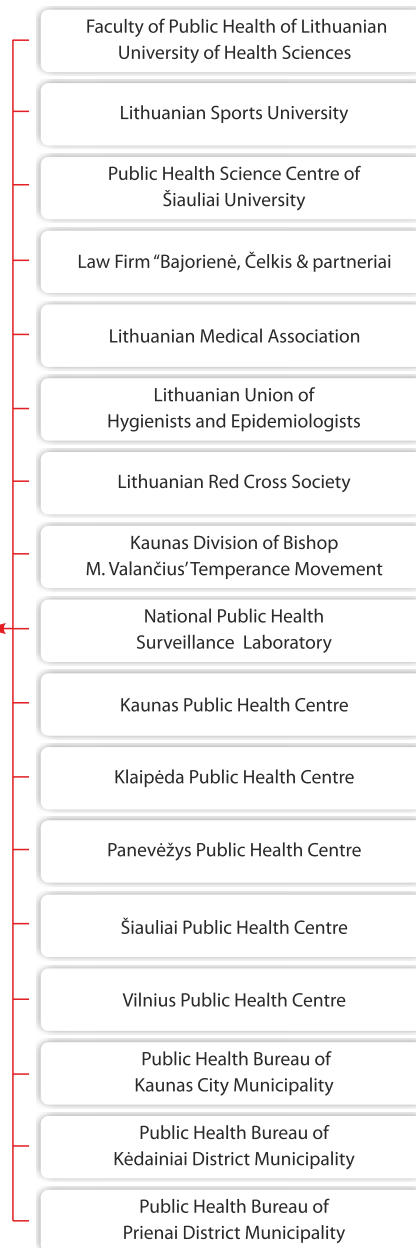

Lithuanian Public Health Association was established in 1995

The Association unites organisations, academic institutions, other juridical persons and individuals engaged in activities in the field of public health.

The main areas of Association activities include:

- 🍃 Involvement in development of public health policy (national, regional, municipal levels);
- 🍃 Participation in law-making, advising regarding draft legislations, making proposals subject to competence;
- 🍃 Making proposals regarding undergraduate and postgraduate training of public health specialists, and practical implementation of scientific knowledge;
- 🍃 Representation and defence of the interests of the members of the Association;
- 🍃 Community empowerment in the area of health;
- 🍃 Bringing together public health practitioners and researchers.
